Items 2 and 4

Statement by the Administrator and UNDP strategic plan, 2018-2021, including financial, budgetary and administrative matters

As per the revised Strategic Plan road map shared on 25 July 2017 and agreed by the Executive Board Bureau, Member States will have the opportunity at the current session to provide further detailed feedback on the proposed future direction of the organization. Based on this guidance, a first draft of the Strategic Plan, 2018-2021, including a draft Integrated Results and Resources Framework, and a draft integrated budget, will be prepared and shared with Member States on 15 September. UNDP will seek Member States guidance on this draft Strategic Plan package during further informal consultations running up to the special session of the Board in November 2017.

The Strategic Plan, 2018-2021, is being prepared in response to the quadrennial comprehensive policy review, and the outcomes of United Nations international conferences and summits, in particular, the 2030 Agenda and Sustainable Development Goals. It will take account of the Secretary-General's Report on Repositioning the UN Development System. As per Member State guidance, the Plan will outline UNDP's role in supporting the achievement of the 2030 Agenda as part of the UN Development System, and highlight the key contributions UNDP will provide in this regard. It will also set out the organization's expected development and institutional results, including an updated approach to partnerships and coordination needed to deliver on this vision. It will moreover build on the achievements of the previous planning period whilst signaling important changes necessary given an evolving operating environment.

Item 3

Structured funding dialogue

Under this item, the Board will have before it the report on the annual review of the financial situation, 2016, and the report on the status of regular funding commitments to UNDP and its funds and programmes for 2017 and onwards.

The report on the annual review of the financial situation undertakes a comprehensive review and analysis, from the financial perspective, of UNDP activities at the global and aggregate levels. The overview assesses the performance of the organization against the various sources for programming: UNDP regular resources, other resources, and UNCDF, and provides the financial position at the end of 2016 with illustrative comparators to the previous year.

In line with Executive Board decision 98/23, the Board will also have before it a report on the status of regular funding commitments for 2017 and a summary of the contributions to regular and other resources received in 2016. This year's report shows a continuing decline in UNDP regular ('core') resources, a growing imbalance between regular and other resources with a high concentration of highly earmarked other resources, the lack of predictability of regular resources, and outlines UNDP's efforts to explore incentives and mechanisms to broaden the donor base and encourage donors to prioritize less restricted resources aligned to the Strategic Plan.

The Executive Board may wish to adopt a decision, elements of which are contained in the reports.

Item 5

Evaluation

An evaluation of the UNDP strategic plan, global and regional programmes, 2014-2017, was undertaken by the Independent Evaluation Office as part of its medium-term plan approved by the Executive Board at the first regular session 2014 (decision 2014/4). The evaluation assessed the outcomes of the strategic plan, and the implementation of global, regional and country-level programming, to ascertain whether UNDP is making progress in achieving its stated goals and whether the strategic plan, global and regional programmes are serving as effective tools for organizing and guiding UNDP programming and activities. In addition, the evaluation assessed how UNDP has progressed in enhancing institutional effectiveness building on the joint assessment of the institutional effectiveness of UNDP conducted by IEO and the Office of Audit and Investigations. The evaluation considers UNDP's development contribution against the goals established in the strategic plan results framework, covering the three main areas of UNDP development work: inclusive democratic governance, resilience and sustainable development pathways. Gender equality and women's empowerment are cross-cutting aspects of all UNDP programming and within the theme of partnerships the evaluation especially focuses on South-South and triangular cooperation. The

evaluation is accompanied by the management response, and will inform the development of the new strategic plan, 2018-2021. The Board may wish to adopt a decision on this item.

Item 7 UNFPA strategic plan, 2018-2021

The UNFPA strategic plan, 2018-2021, reaffirms the relevance of the current strategic direction of UNFPA, the goal of which is universal access to sexual and reproductive health and reproductive rights, focusing on women, adolescents and youth. In accordance with General Assembly resolution 70/1 on the 2030 Agenda for Sustainable Development, the strategic plan will seek to ensure that no one will be left behind and that the furthest behind will be reached first.

The UNFPA strategic plan describes the transformative results that will contribute to the achievement of the Sustainable Development Goals, in particular to the elimination of poverty and inequalities, the advancement of gender equality and the empowerment of women and adolescent girls. The strategies introduced in the plan are evidence-based and take into account the lessons learned from previous plan cycles. They are designed to further enhance organizational effectiveness and efficiency and United Nations system-wide coherence, as well as strengthen the results framework and the business model.

The UNFPA strategic plan, 2018-2021, and its annexes are presented for approval by the Executive Board.

Item 8
UNFPA integrated budget, 2018-2021

The proposed UNFPA integrated budget, 2018-2021 presents the resources that will contribute to the achievement of UNFPA integrated results and resources framework for 2018-2021. The integrated budget should be considered in conjunction with the UNFPA strategic plan, 2018-2021, and its annexes.

The income projections are based on indications from donors and analysis of actual contribution trends and the funding environment. For 2018-2021, UNFPA proposes conservative total contributions estimates of \$3,400 million, compared to \$3,963.6 million for 2014-2017. UNFPA estimates that the total resources available during 2018-2021 will be \$3,812.8 million, a decrease of \$474.2 million, or 11 per cent, compared to the previous cycle.

UNFPA has presented the integrated budget proposal to the Advisory Committee on Administrative and Budgetary Questions, which will issue its own report on the UNFPA integrated budget, 2018-2021.

UNOPS segment

Item 11

United Nations Office for Project Services

Under this item, the Executive Board will have before it the UNOPS strategic plan, 2018-2021, the budget estimates for the biennium 2018-2019 and the ACABQ report on the UNOPS budget estimates, and the annual statistical report on the procurement activities of United Nations system, 2016.

The UNOPS strategic plan, 2018-2021, is focused on implementation for impact. It reflects the UNOPS response to the global agreements forming the 2030 Agenda and the quadrennial comprehensive policy review and lays out how UNOPS can contribute to realizing the Secretary-General's vision for the United Nations. The plan builds on the Executive Board decision 2016/19 on the midterm review of the UNOPS strategic plan, 2014-2017. It provides strategic context for UNOPS to function as a demand-driven, self-financed entity of the United Nations system. It also establishes the UNOPS strategic framework and ambitions for the planning period and lays out how UNOPS will execute its mandate to expand implementation capacity across peace and security, humanitarian and development efforts. The Board may wish to adopt a decision, elements of which are contained in the report.

The UNOPS budget estimates for the biennium 2018-2019 are rooted in the UNOPS strategic plan, 2018-2021 (DP/OPS/2017/5). UNOPS management resources are targeted to UNOPS contribution goals: to enable partners, help people and support countries. The budget is dedicating resources to UNOPS management results, investment requirements and risk mitigation efforts. For each management result, the aspiration for the two-year period is articulated, together with the indicators of progress for which UNOPS will be held accountable. The Board may wish to adopt a decision, elements of which are contained in the report.

In its resolution 39/220 the General Assembly established the need for recurrent reporting of statistical data on procurement by United Nations agencies on operational activities. As of 2008 and pursuant to Executive Board decision 2007/38, the Executive Director of UNOPS has assumed the responsibility of compiling and submitting the report. The report provides details on United Nations system procurement by country of supply. The Board may wish to take note of the report.

Item 12

Financial, budgetary and administrative matters

The present report outlines key findings and outcomes from the common procurement work conducted in 2016, and sets out the initiatives under way in 2017. UNDP, UNFPA and UNOPS began assessing opportunities for common procurement initiatives in January 2011. The goals were more efficient processes, strengthened procurement practices, and lower costs for all participating agencies. Cargo insurance services was the first joint tender, resulting in annual savings of \$2 million. Following the 2016 report on these projects and associated Executive Board feedback, the agencies implemented new internal reporting requirements, resulting in the ability to provide more quantitative information and analysis on joint procurement. The report now provides details on the diversity and nature of

joint procurement across the three agencies, covering a range of products and sectors, in direct support of projects and programmes. The Board may wish to take note of the present report and comment on the joint procurement activities delivered in 2016, as well as activities in progress in 2017.

The report highlights UNDP and UNFPA contributions to the HIV/AIDS response. The Board may wish to take note of the report.
